

PLANNING PANEL – ACTION

December 2, 2010

The Strategic Planning Sub-Committee recommends that the Southern System Planning Panel accept the following Mission, Vision, and Values for the new organization and forward them to individual systems for comment and concept concurrence. At the February meeting the document with revisions as appropriate will be forwarded to the panel for approval.

MISSION

XXX is a community of multitype libraries developing partnerships and sharing resources in pursuit of excellent service.

VISION

We envision a future where all libraries & information partners collaborate to provide accessible & innovative services.

VALUES

We value--

Open access and sharing of resources.

Cooperation, collaboration and contribution among members & information partners.

Quality customer service.

Honest and open communications among stakeholders.

Respect and integrity in all interactions.

The diversity of our members and their communities.

Fiscal stability and accountability.

The protection of Intellectual Freedom and Privacy.

Innovation and creativity.
