Report from RPLS Board

At the March 15th RPLS Board Meeting the Board took these actions:

1. Approved the Application for Merger
2. Endorsed the Delivery Standards and committed to implement them in April
3. Endorsed the adding of Literacy as a value to the Strategic Plan

The Board members will make comments on the resource sharing plan once it is up on Cooperation Today.

They feel the process is moving along and are anxious that the transition board be seated and begin its work as soon as possible.
