

The Transition Board of the Illinois Heartland Library System may from time to time need to appoint ad hoc committees to carry out specific assignments to expedite the merger process. Ad Hoc committees may at the discretion of the Transition Board include non Transition Board members as committee members.

At the March 23, 2011 Southern System Planning Panel meeting the Panel voted to encourage the Transition Board to appoint an Ad Hoc committee “to investigate leasing office space within the Effingham area for the purpose of maintaining a point of contact for Illinois Heartland Library System.”
